**WHAT'S THE DIFFERENCE BETWEEN THE CRUISER AND TOURER SERIES?**

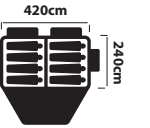

The Cruiser series feature a cap fly offering exceptional ventilation and reducing the entrapment of hot air in warmer climates, should the weather turn you can rest assured the exposed inner of the tent is weatherproof with the heavy duty PE welded bucket floor completing the waterproof barrier.

The Tourer series feature a full fly offering greater heat retention in cooler climates, it also features a hard wearing 150D PVC coated polyester bucket floor plus the addition of a Media Centre for tablet viewing in the comfort of your tent.

# Deluxe Series Gazebos

The Deluxe Series of gazebos has set the standard for well over a decade as a reliable shade structure. Canopy apex vents minimise ballooning in windy conditions, triple layer re-inforced canopy corners offer additional strength and longevity plus a carry bag with rubber grip handles allows for easy handling. Couple these features with the tried and trusted Deluxe gazebo frame system and you have one cracking gazebo. Accept no limitations, demand the original and the best Deluxe gazebo on the market.
